# COMPANY PROFILE

---

Lucas Civil Group is a Sydney based civil construction company servicing its large client base with professional stormwater installation and plant hire services across a variety of civil construction infrastructure projects since 2013.

Company Director, Dean Lucas, brings more than 25 years of experience to the business across a variety of roles for tier 2 civil construction companies and a team of employees who uphold the values of safety, quality and delivery for every project the business engages in.

Lucas Civil Group have an advanced capacity in regards to plant hire offerings. Our ever-expanding plant consists of excavators ranging from 14t to 70t, grader, dump truck and dozer suitable for a variety of large scale civil infrastructure projects with highly experienced operators.

We're proud to have worked on many large profile infrastructure projects across NSW and for some of the state's largest construction organisations.

We utilise our **strengths, experience & technical skill** to deliver high quality projects.

# SERVICE CAPABILITIES

Lucas Civil Group is continually evolving to meet the growing demand of our clients and the wider civil construction industry. Our service capabilities include, but are not limited to:

## Stormwater Installation Services

Our highly skilled and trained crews have the experience and capability to deliver and install our clients professional stormwater installation services across all project scope and size, ranging from 375mm RCP to 3000mm RCP, as well as various sized culverts. Our specialised crews can also service GPT, water retention tanks and SPELL units.

- ✔ Medium to large civil subdivisions
- ✔ Large diameter and deep stormwater pipe lines
- ✔ Stormwater treatment systems including Spel, Rocla, Ecosol
- ✔ Challenging stormwater projects

We're proud to have worked with bluechip clients such as Roads and Maritime Services, Tier 1 construction companies and have now laid more than 100km of stormwater drainage for our clients.

## Concrete Services

Our skilled crews are also highly experienced in a variety of large-scale concrete works such as:

- ✔ Various sized pit building
- ✔ Culvert and GPT working slabs
- ✔ Large scale pours

## Plant Hire Services

Lucas Civil Group is committed to providing the civil construction industry with unrivalled operators and a fleet of machinery to complete any project, regardless of its scale. Our highly experienced plant operators come with all VOC/SOA requirements, first aid training and are dedicated to upholding our values of safety, quality and delivery across any project undertaken. Our plant and equipment for hire include:

- ✔ Excavators from 14t through to 70t
- ✔ 140M Grader
- ✔ 45t Dump Truck
- ✔ D11 Dozer
